# INSPIRED BY THAI = NESS

The strength of Thai design is shown through the **creativity** and the art of **handicraft** by master craftsmen. Mobella introduces the subtle sense of local knowledge and Thai culture in every design objects to narrate the story of authentic Thai through home decorative furnitures.

Thai local culture of hospitality is represented through the welcoming area of the house, as is commonly shown in local traditions for every urban household to have a bamboo litter (in Thai; KRAE) placed at the front of the house.

A classic furniture serving the purpose for the host to welcome the visiting guest to sit and enjoy a good conversation together.

Now redesigned in modern style for the context of modern living.

**CHANG** designed by THINKK Studio x Mobella  
 Stool, W53 D46 H40 cm

DEmark 2019 award winner  
 CHANG is the developed prototype from the charity design project from Mobella's anniversary to support Friends of Asian Elephant Foundation.

An exotic experience of elephant riding is one of the Thai unique lifestyle in the curious eyes of travelers from the other part of the world.

Though none of modern Thai commutes by riding on such large animal anymore, as a fun cultural exchange, our designers decided to introduce the playful elephant stool in minimal style.

Combining the past and the modern day context through aesthetic and function of home furniture. Enjoy imaginative play role at home with additional custom-made saddle that invites user to hop on.

CHANG is designed to have long lasting product life by providing additional seat cushion mimicking elephant saddle – not only a customizable personalized detail but also serve as a removable piece which a replacement could be purchased separately after years of usage.
